

Waterproof

Easy to Clean

No Gap Guarantee

All Pet Plus Protection

## MORE THAN WATERPROOF FLOORING

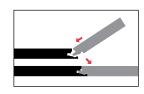

## **BENEFITS**

- · Waterproof to withstand spills and pet accidents, SolidTech Plus is optimal for wet areas, such as basements and bathrooms.
- Planks are 50% denser than average composite core flooring, so the floor will not telegraph any visual imperfections from the underlying surface.
- The core construction prevents cupping and gapping due to moisture or temperature changes.
- SolidTech Plus offers Uniclic, one of the industry's leading locking systems, for quick and easy installation.
- Enhanced wear layer and lacquer finish ensures 3X the scratch resistance.
- · Realistic texture along with painted beveled edges add depth and definition.
- Extremely low pattern repetition gives SolidTech Plus a more authentic natural hardwood visual.
- · All Pet Plus Protection and Warranty covers all pets, all accidents, all the time, with scratch protection.

Lacquer Finish for unmatched scratch and scuff resistance Wear Layer to protect against wear and add Multi-layer Inner realistic texture Core for sound insulation and dent resistence **HD** Design Layer for the ultimate Woven Fiberglass to provide detail, clarity and dimensional stability plank variation Foam Pad for thermal Multi-layer Rigid Core insulation, cushioning constructed for superior and sound barrier strength and support
